Advisors corner

With the upcoming banquet we start another year in the history of the Lodge. We have a talented Leadership Team lead by a very capable Lodge Chief. Even with this, there will be challenges as we strive to not only recognize those deserving scouts by inducting them into the Order by to make the Lodge a dynamic organization. We have the opportunity to continue our legacy of service to the Council but only if everyone is engaged and participating. The Lodge program is yours and will be a great one if you participate and volunteer. Talk to your Chapter or Lodge Chief and find out how you can help, it's your Lodge.

Chiefs corner

How much can we achieve? How far can we go? And how high is the limit? My brothers let's see what legacy we can leave this year. let us make this lodge not what it is, or what we want this lodge to be. We have the chance to show the world and community what the order of the arrow and scouting stand for. As the summer approaches let us remember our ordeals and let us go and support the new members that have been voted in. As the take their first step along their life of cheerful service. let us also remember that we have a chance this year to show the section who the best lodge is. I look forward to seeing all of you at the banquet, and all the other events this year.
